

FIRE EMBLEMTM **Awakening**

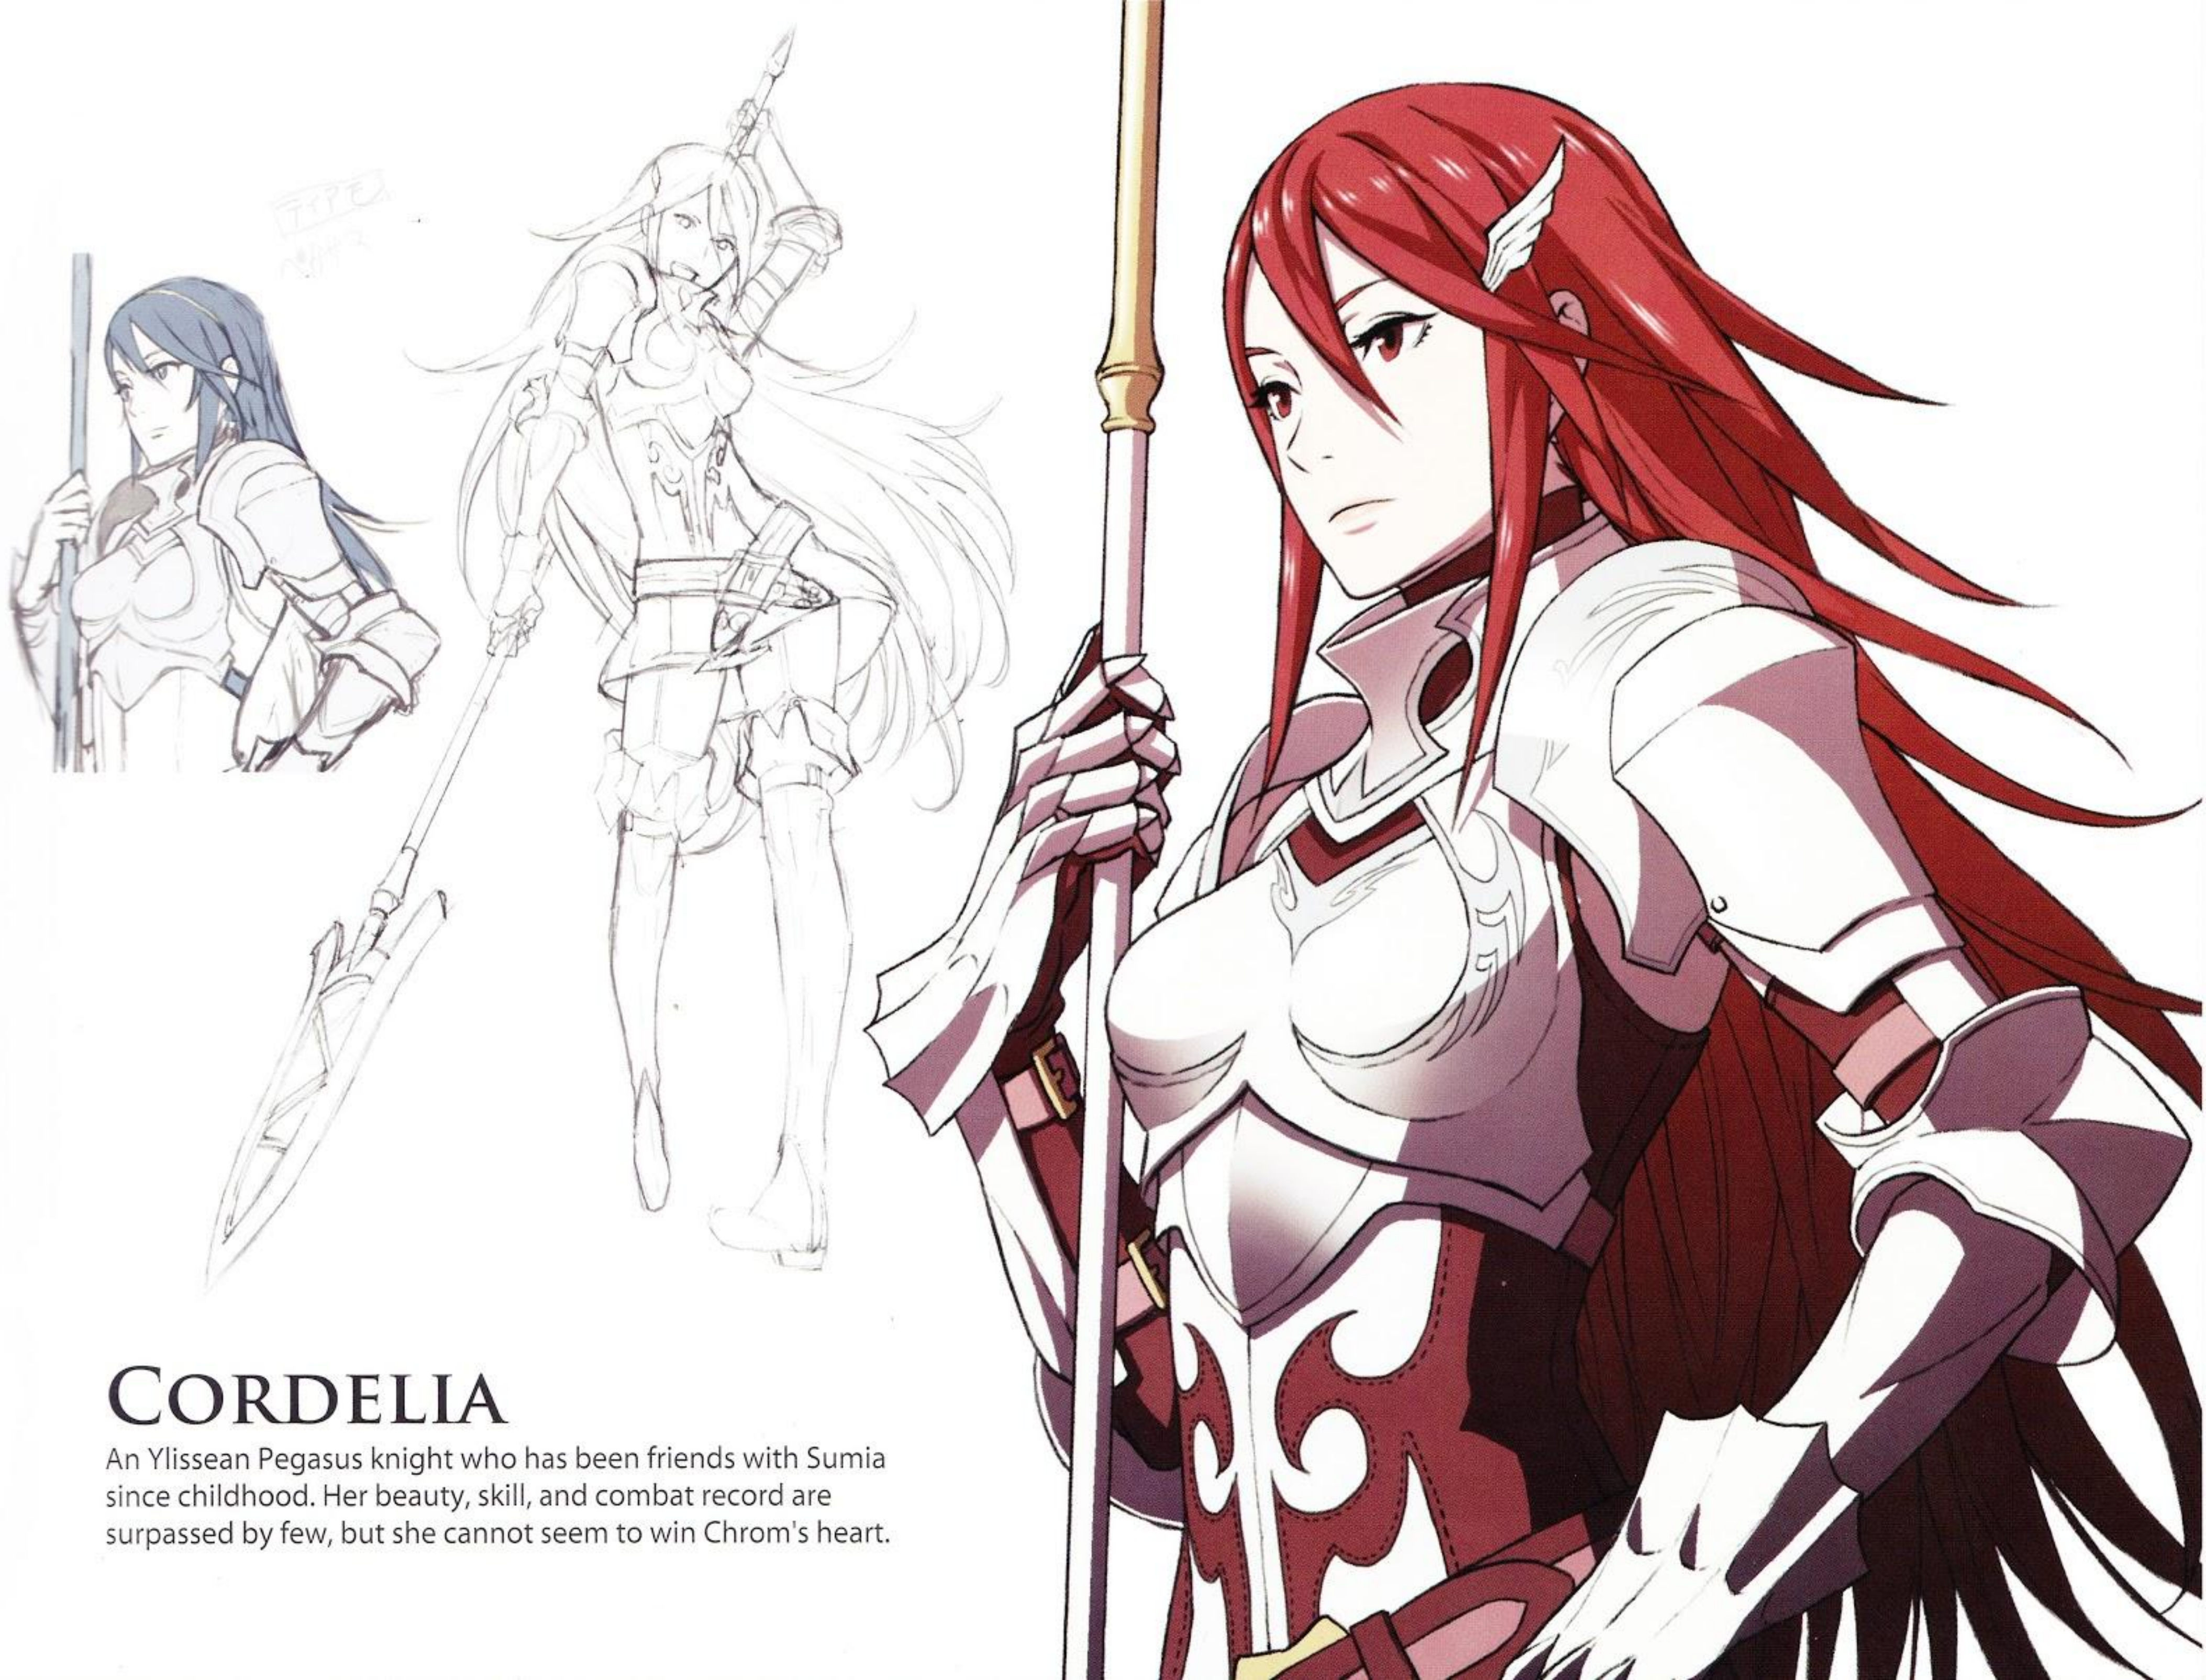

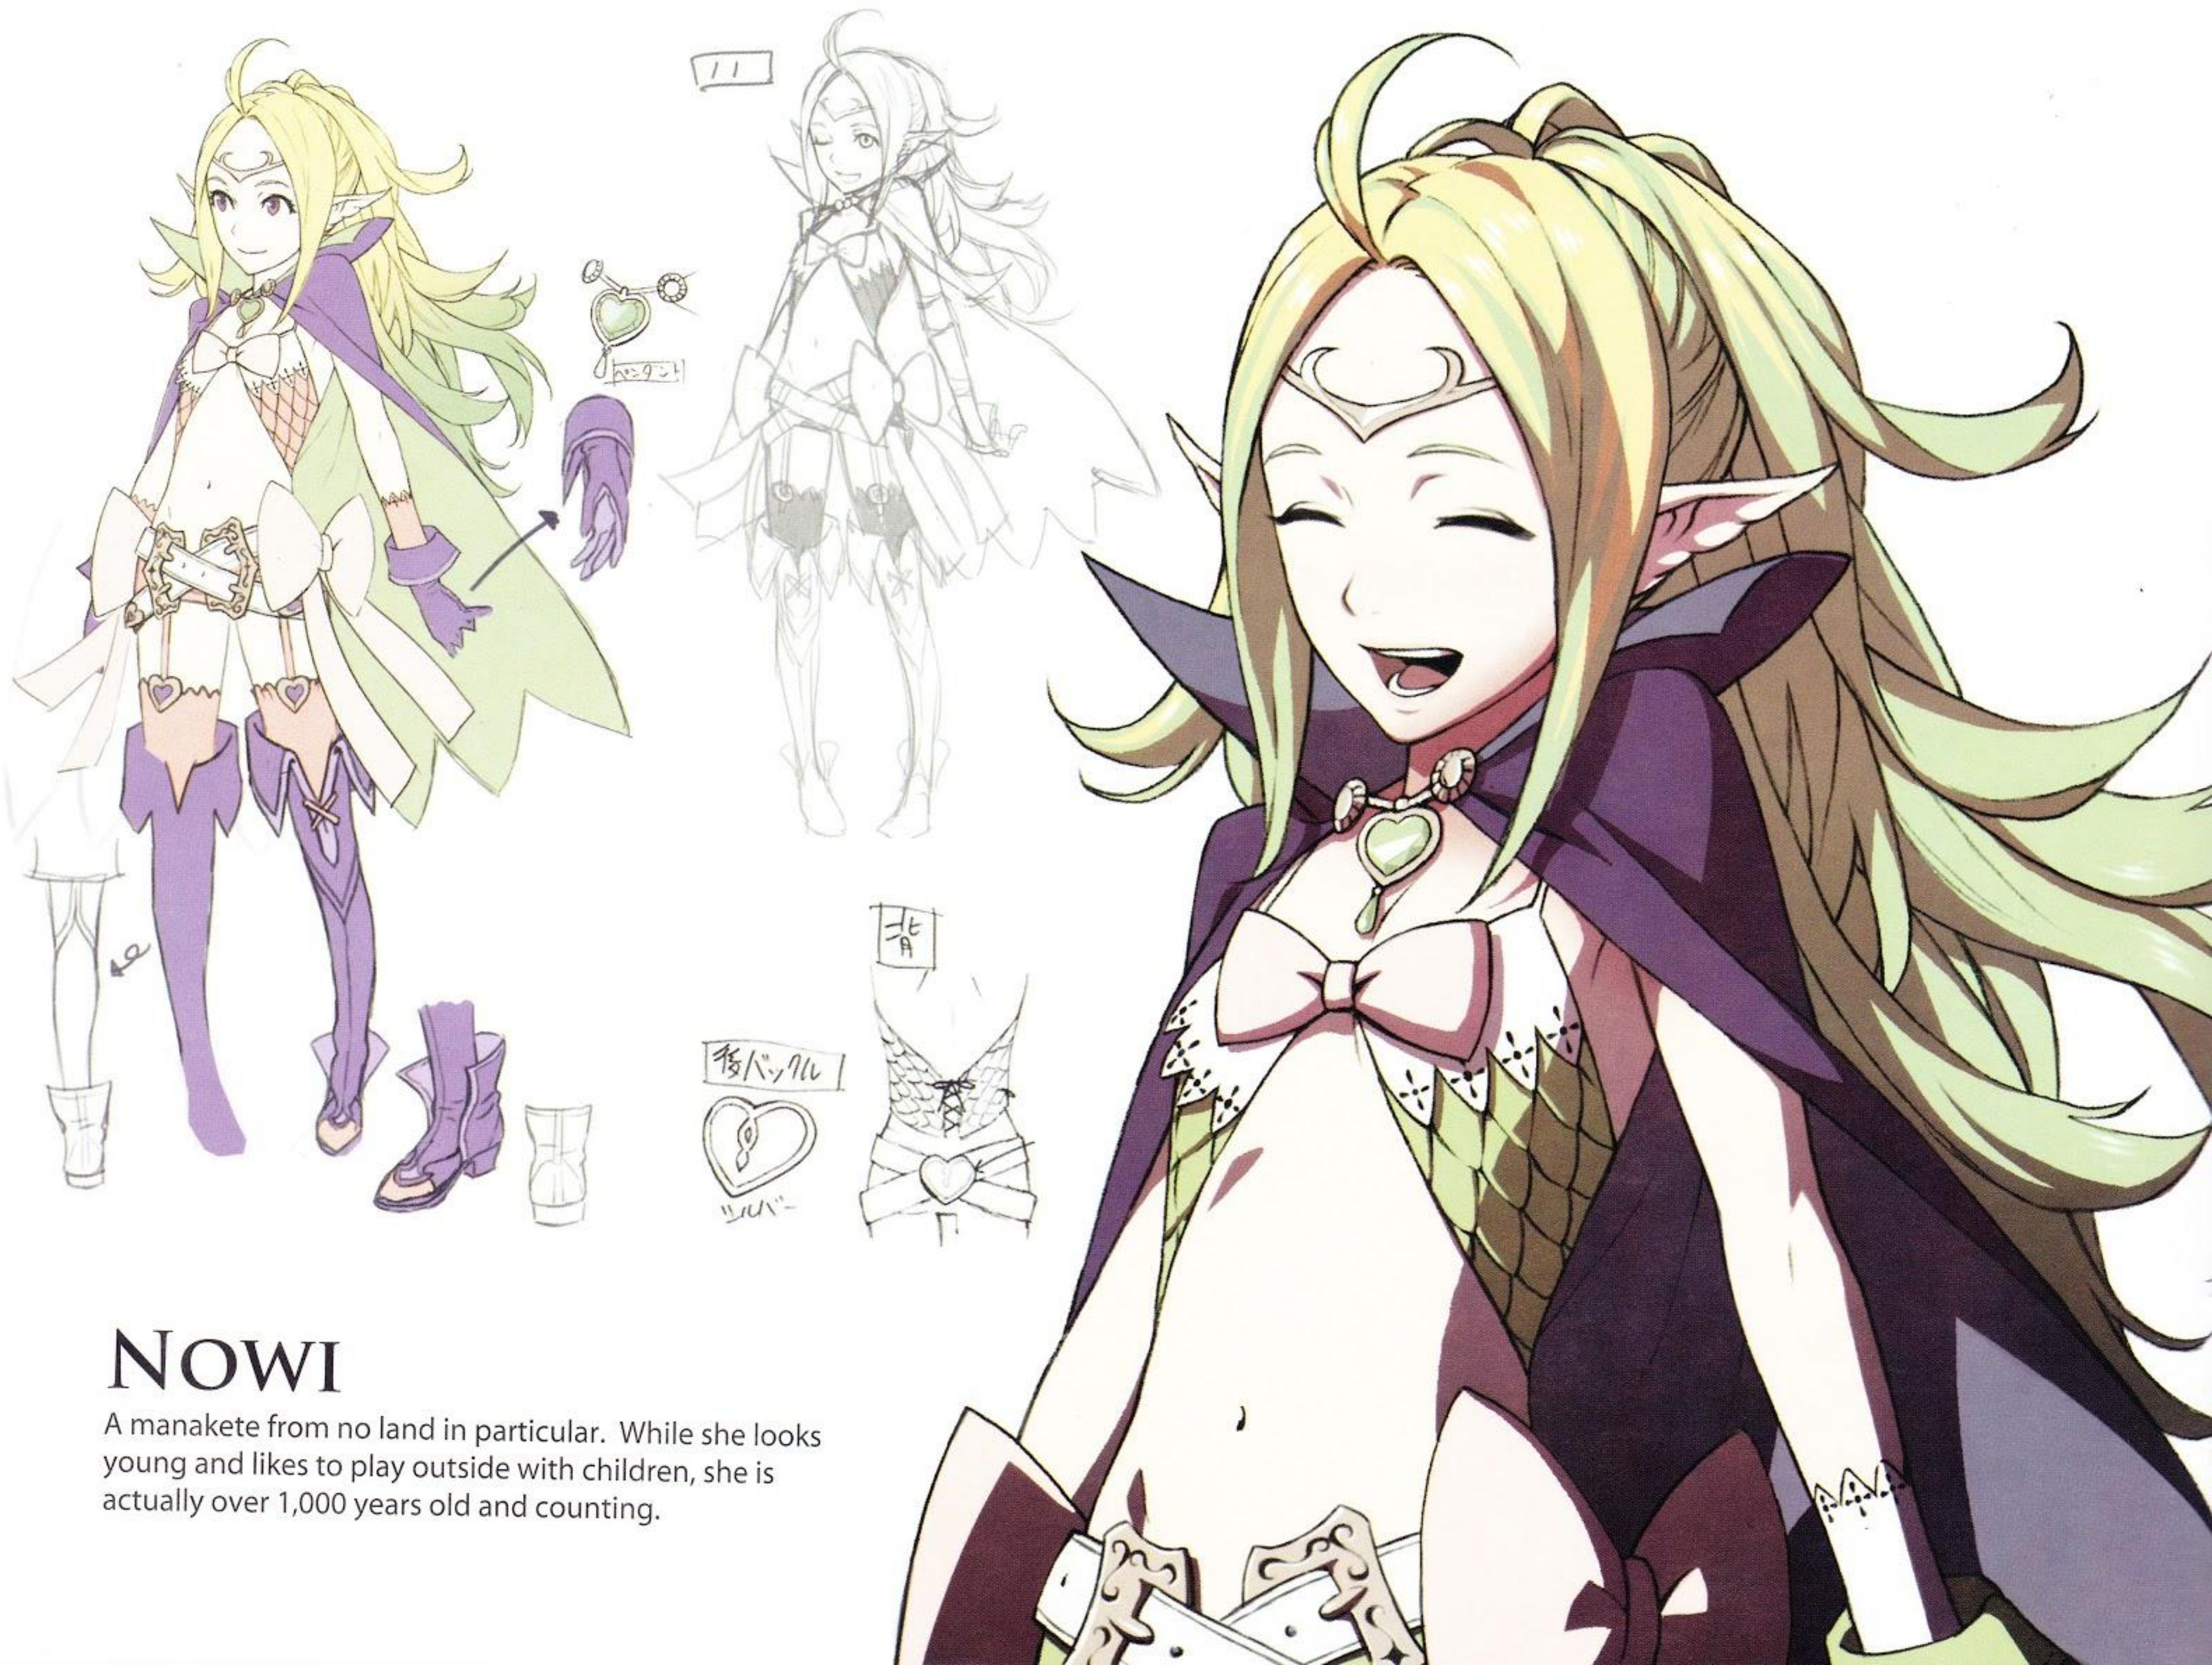

SULLY

A no-nonsense, capable Shepherd with a mouth that would make brigands blush. Ylissean women admire her strength, and call her "the Woman to End All Men."

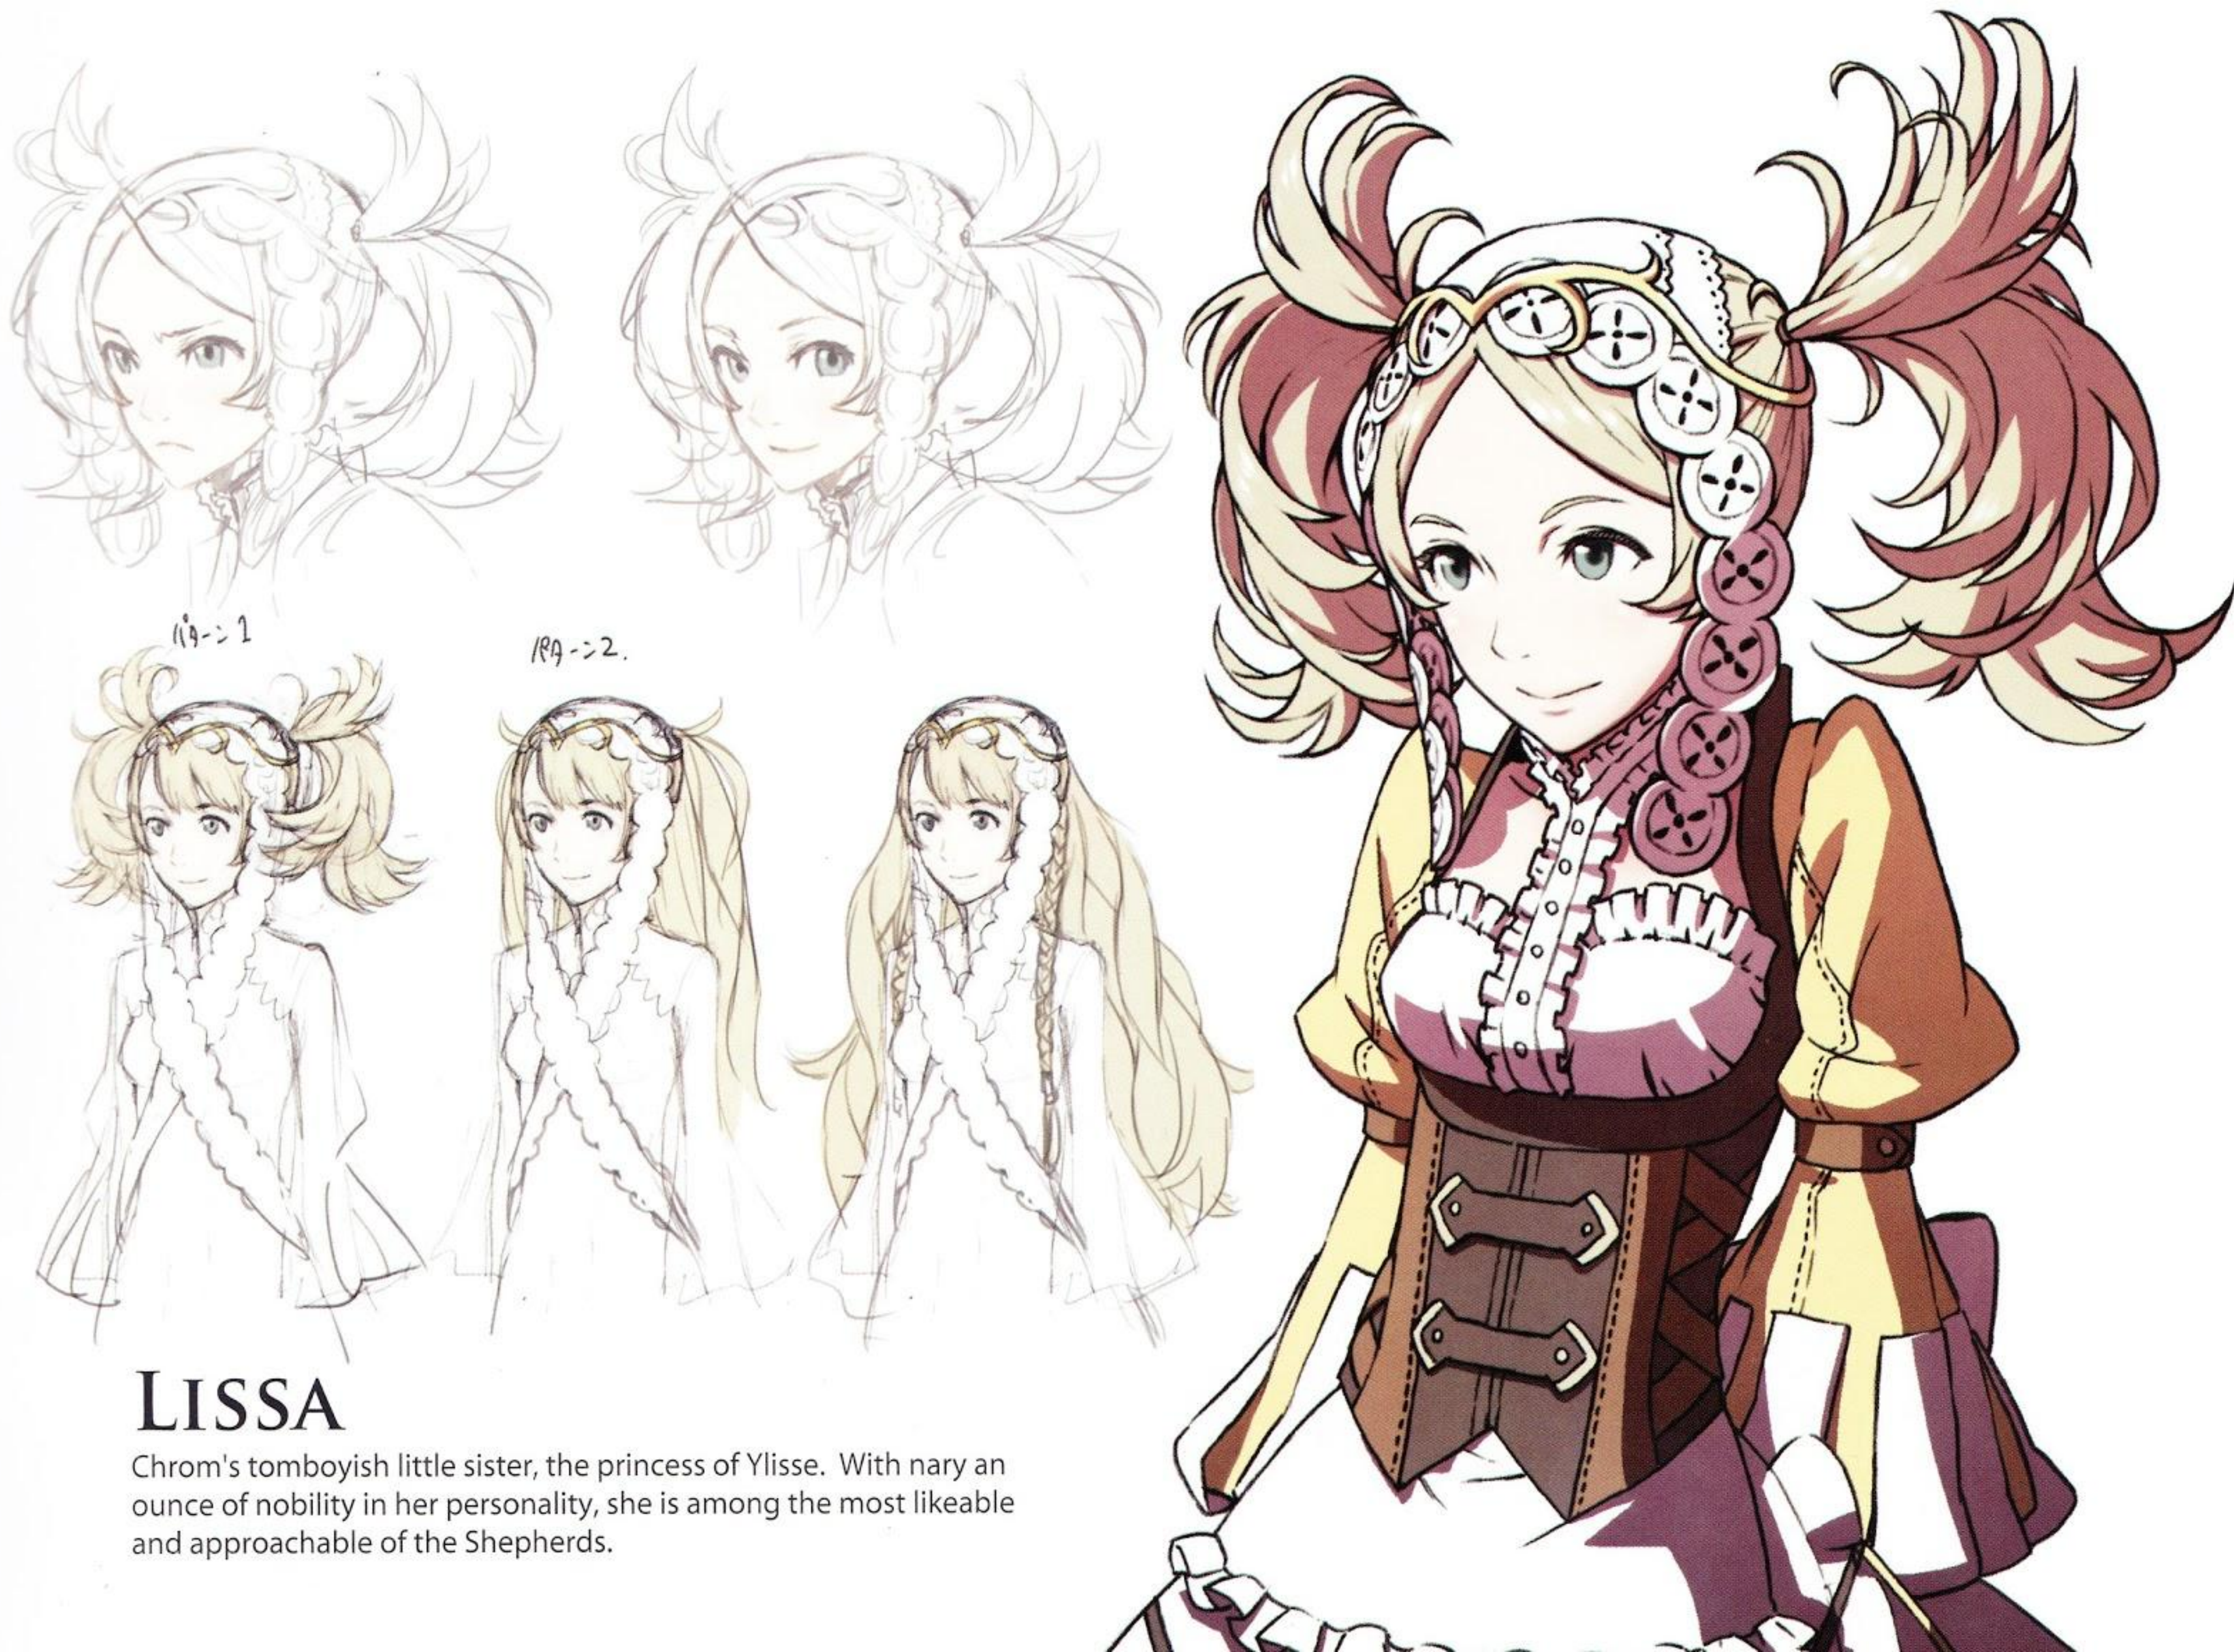

CORDELIA

An Ylissean Pegasus knight who has been friends with Sumia since childhood. Her beauty, skill, and combat record are surpassed by few, but she cannot seem to win Chrom's heart.

NOWI

A manakete from no land in particular. While she looks young and likes to play outside with children, she is actually over 1,000 years old and counting.

LISSA

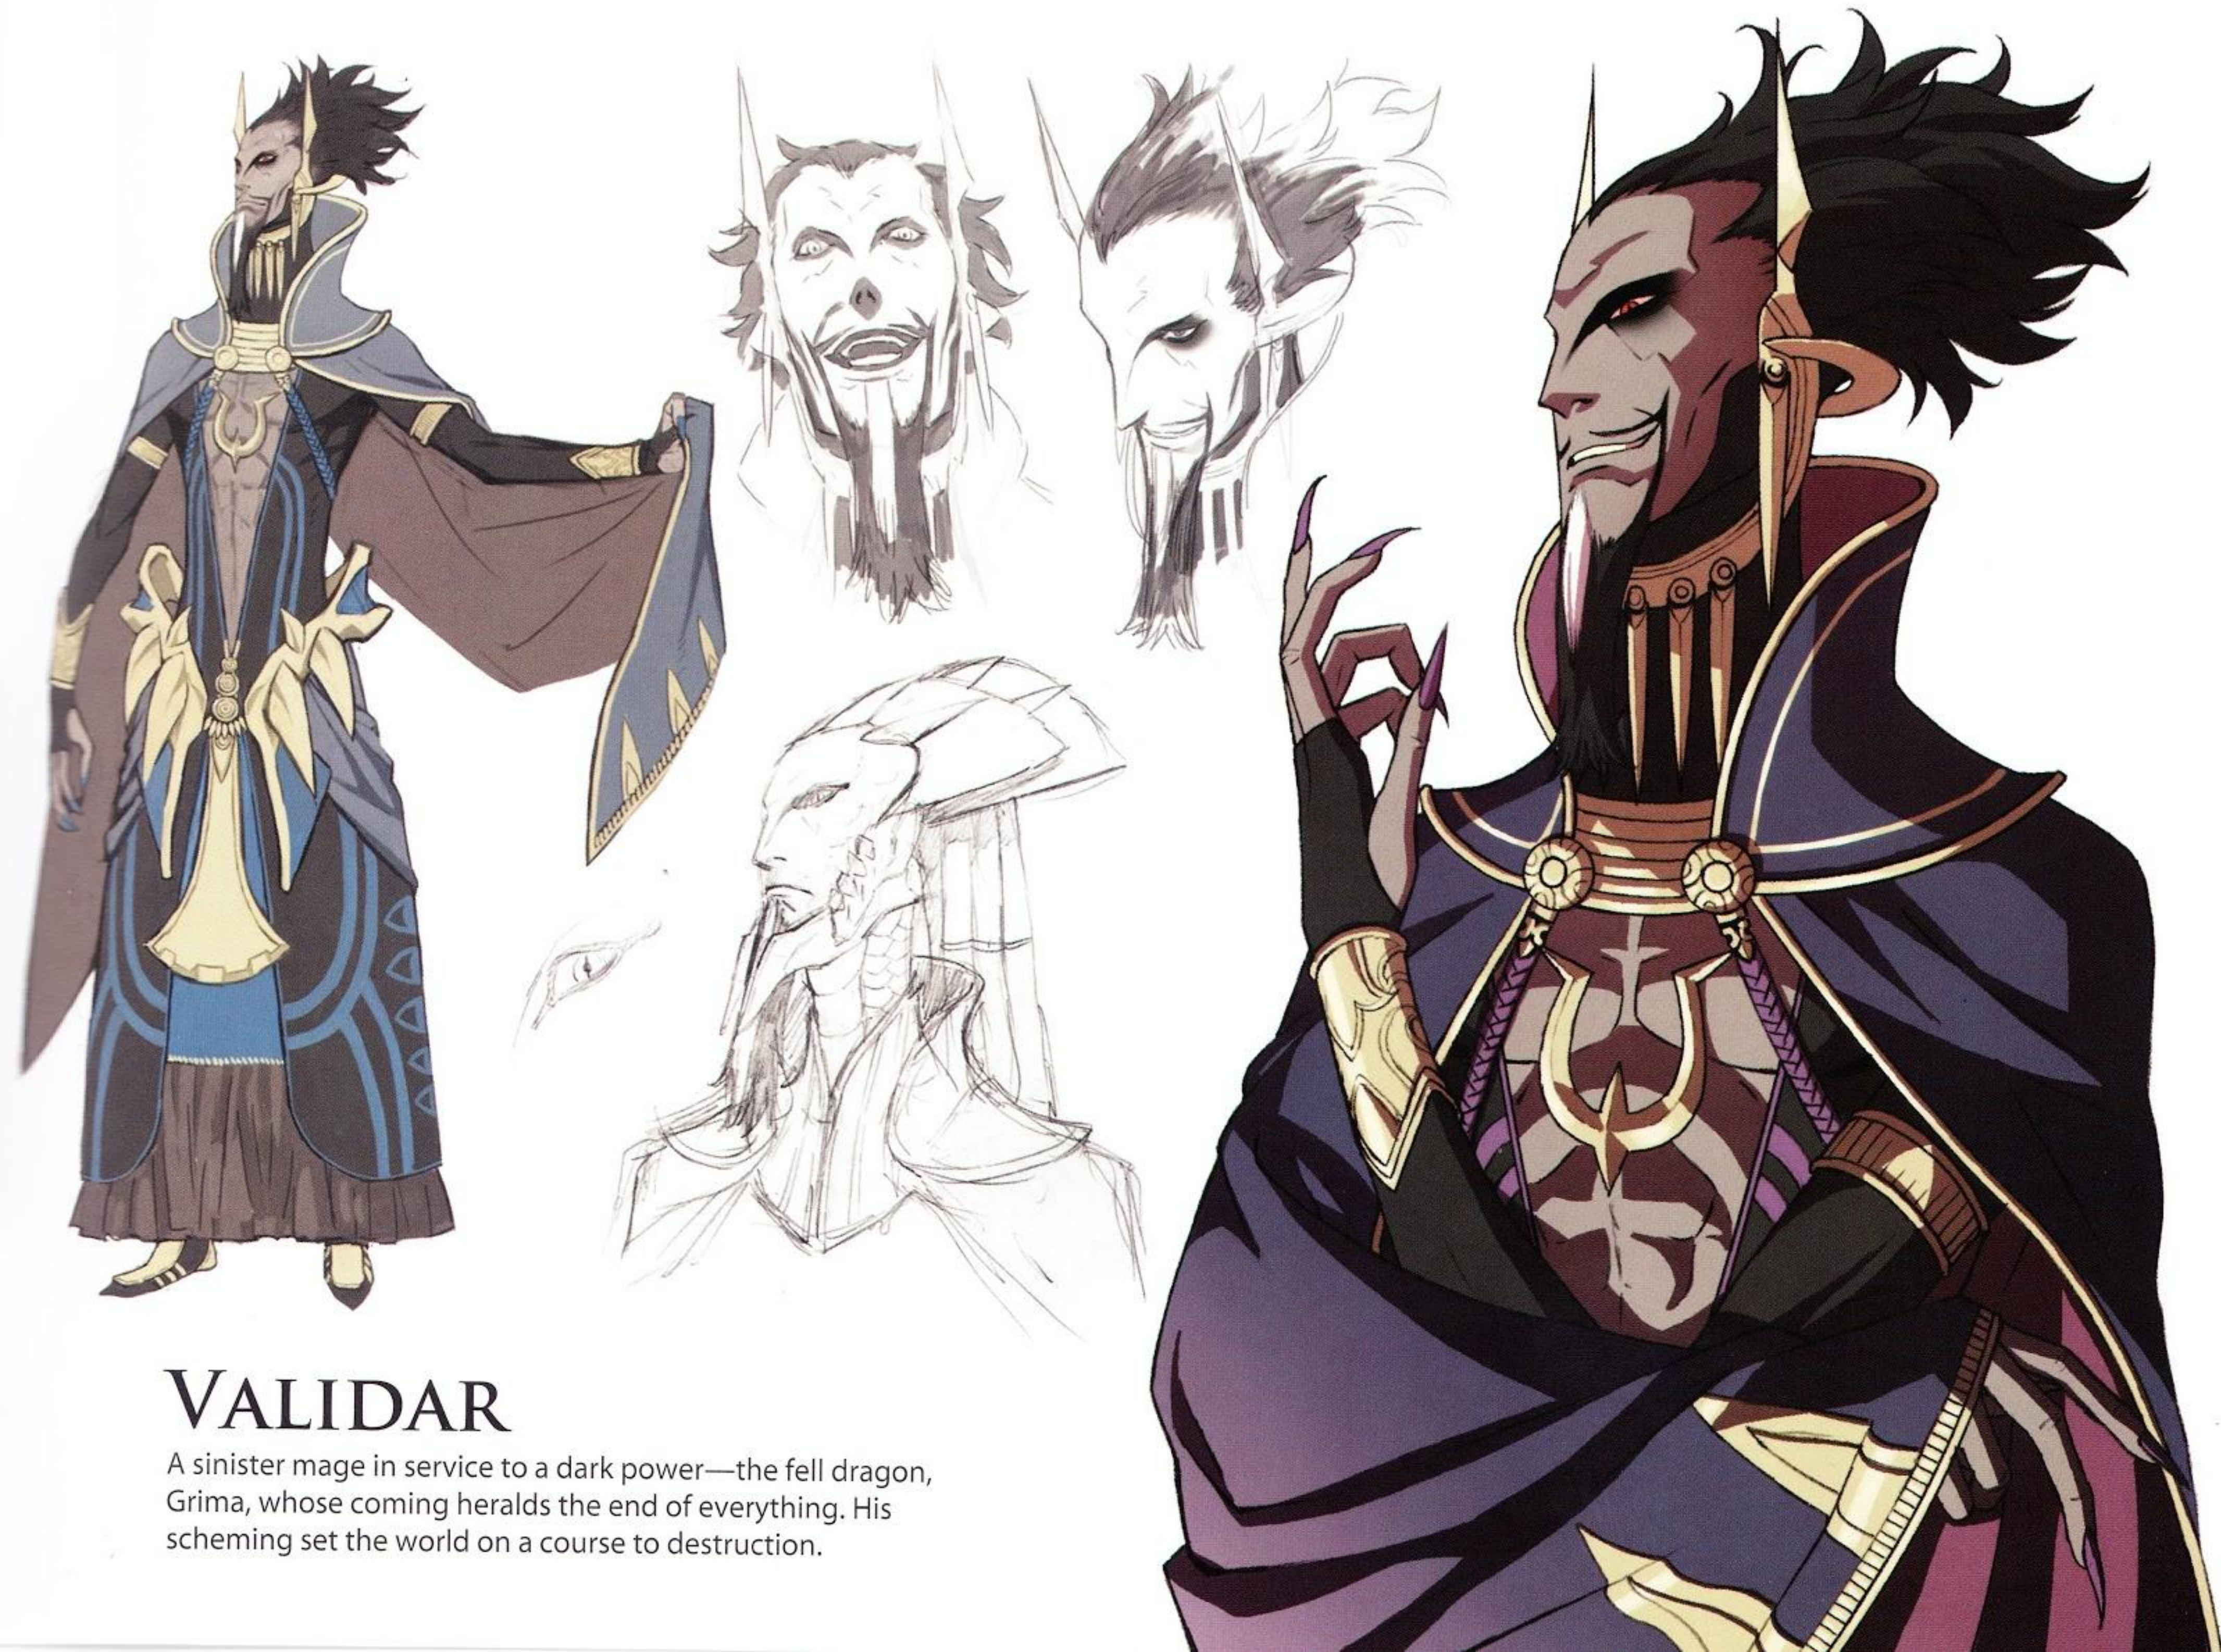

Chrom's tomboyish little sister, the princess of Ylisse. With nary an ounce of nobility in her personality, she is among the most likeable and approachable of the Shepherds.

CHERCHE

A wyvern rider in the service of House Virion. She was raised with simple values and likes to cook and sew, but loves her "sweet, adorable" wyvern, Minerva, even more.

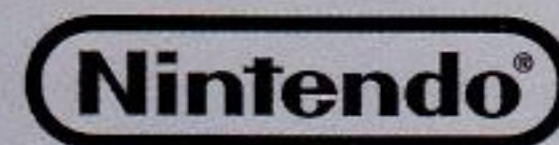

VALIDAR

A sinister mage in service to a dark power—the fell dragon, Grima, whose coming heralds the end of everything. His scheming set the world on a course to destruction.

FIRE EMBLEM

Awakening

AFTER YEARS OF PEACE, THE LAND OF YLISSE FINDS ITS BORDERS THREATENED BY NEIGHBORING PLEGIA. ONLY CHROM'S SHEPHERDS, A VOLUNTEER ARMY HEADED BY YLISSE'S OWN PRINCE, DEFEND ITS PEOPLE FROM THE INVADING BANDITS. HOWEVER, A NEW THREAT IS RISING—THE UNDEAD ARMIES OF AN ANCIENT TERROR—AND THE FUTURE OF THE WORLD DEPENDS ON A HANDFUL OF SOLDIERS, AND YOUR ABILITY TO LEAD THEM.

CHROM

The prince of Ylisse and descendant of the Hero-King. While of noble blood, he also leads a militia known as the Shepherds. His strong conviction makes him a fine captain.

MAUR

MARTH

A mysterious swordsman with a familiar blade. "Marth" takes his name from a legendary hero from days long past.

SUMIA

An absentminded, klutzy pegasus knight with a shocking lack of self-worth. However, she exhibits one-of-a-kind talent, particularly when it comes to working with animals.

FREDERICK

Frederick, an Ylissean knight who is sincere to a fault, serves as Chrom's lieutenant in the Shepherds. He tends to demand tremendous effort for seemingly trivial things and prefaces such orders with a grin.

LON'QU

A swordsman raised in Regna Ferox, where Khan Basilio has vouched for his skill. While cool and curt around most people, the very sight of a woman turns him beet red.

VAIKE

A rough-hewn Shepherd with a loud personality and far more confidence than his ability warrants. Chrom regards him as one of his finest soldiers, which has gone to Vaike's head, as he adoringly refers to himself in the third person.
